

## Who Typically Attends the AMOS Conference?

*The following is a sampling of the companies, universities, and government organizations that attended AMOS 2007.*

|   |  |
|---|--|
| 1st Space Operations Squadron                                       | DREN                                       |
| 3 SES   | DSTO                                       |
| 850 ELSG  | DTRA                                       |
| Acumen Scientific   | Duke University                            |
| AEDC/XRS  | Dynetics, Inc.                             |
| Aerospace Technical Alliance  | Embry- Riddle Aeronautical University      |
| Aerospace Testing Alliance  | Emory University                           |
| Air Force Institute of Technology                                   | ESC  |
| Air Force Research Laboratory                                       | ESCG/Jacobs                                |
| Air Force Safety Center   | FLIR Systems                               |
| Air Force Space Command   | General Dynamics                           |
| AFTAC   | Georgia Tech Research Institute            |
| Air Force Office of Research  | HAF/A2AP                                   |
| Air Force Safety Center   | Hom Creative                               |
| AMOS UTC  | HQ DOE                                     |
| Analytical Graphics Inc.  | HQ SIDC/XI                                 |
| Applied Optimization  | Integrity Applications, Inc                |
| Applied Tech. Associates  | Idaho National Laboratory                  |
| ARINC   | Institute for Defense Analyses             |
| Army Research Laboratory  | Integrity Applications, Inc                |
| Assured Space Access Technology                                     | ISR-DO                                     |
| Astronomical Institute University                                   | ITT  |
| AT&T Government Solutions   | Japan Aerospace Exploration Agency         |
| AURA Gemini Observatory   | JFCC SPACE                                 |
| Averitech   | Lawrence Livermore National Laboratory     |
| Ball Aerospace  | Lockheed Martin Corporation                |
| Ball Corporation  | Los Alamos National Laboratory             |
| Boston College  | MacAulay Brown, Inc                        |
| Boston University   | Magdalena Ridge Observatory                |
| CACI Inc., Federal  | Master Solutions LLC                       |
| Caltech Optical Observatories                                       | Maui Economic Development Board            |
| Center for Adaptive Optics,<br>University of California, Santa Cruz | MetroLaser, Inc.                           |
| Center for Countermeasures  | Missile Defense Agency                     |
| Center for Space Research,<br>University of Texas                   | MIT Lincoln Laboratory                     |
| Center for Space Standards & Innovation                             | MKS Imaging Technology, LLC                |
| Composite Mirror Applications, Inc.                                 | NASA                                       |
| Community Wealth Ventures   | NASIC                                      |
| CoorsTek Technical Ceramics   | National Central University                |
| Defence R&D Canada-Ottawa   | National Geospatial-Intelligence Agency    |
| Defence Space Coordinating Office                                   | National Optical Astronomy Observatory     |
| Department of Defense   | National Reconnaissance Office             |
| DIA   | National Science Foundation                |
| DoD HPC Mod. Program Office   | National Security Agency                   |
|   | National Security Space Institute          |
|   | National Security Systems Innovators, Inc. |
